Wonderland Nurseries

Ellerson Virginia

IN THE EDGE OF RICHMOND

PHONE RICHMOND 98-5072

TO OUR PATRONS - If you are in the flower business or in an allied trade you may order at wholesale prices. No order will be accepted at wholesale prices for less than a total of \$5.00. No order will be accepted at wholesale prices for less than 25 of a kind or name or variety. Anyone may order at retail prices. We will accept orders for \$3.00 and up at retail rates. Where price is each, it means each. Where price is given per dozen, it means twelve plants of one name or variety. One each of twelve kinds would take the each price, not the twelve price.

PRICES are F.O.B. Ellerson. In many instances we will postpay your plants and send you a bill for the postage. We will save you money by doing this, as express rates are very high on small packages. You may send cash, check, or stamps for these postage bills. We will send collect for postage only when requested to do so, and would prefer sending you a bill instead. Book your order as far ahead as possible. Let us know if we may substitute. We usually give better varieties if we substitute.

TO REACH US BY PHONE, have your operator call RICHMOND, and ask for MECHANICSVILLE 5072. If you do not get us this way, ask for us by name. You may call us anytime day, night or Sundays.

ORDERS ARE ACCEPTED subject to conditions beyond our control. If your order cannot be filled to your satisfaction your money will be refunded. Terms are net, payment with order. Rush orders should be accompanied by cash, money order or certified check. We extend usual terms to customers of good credit standing.

WE OWE ALL OUR SUCCESS TO YOU. THANK YOU VERY MUCH.

Sincerely

WONDERLAND NURSERIES

WONDER GARDEN SPRAY For Garden and Greenhouse.

This is a contact insecticide that is sold under an unconditional money back guarantee. It will kill or control all chewing and sucking insects in both garden and greenhouse or your money back. It will not burn or injure seedlings or blooms. It is very economical,

and will keep spray equipment clean rather than corrode them. Wonder Garden Spray has stood the tests of more than five years in one greenhouse where soil was never changed and no toxic conditions have developed as in the case of so many sprays. When you use Wonder Garden Spray you do not need to use other sprays as it gets Thrip, Mealey bug, midge, red Spider, Aphids of all kinds, Cyclamen mites, rose chafers, Cabbage worms, Cucumber beetles, Bean beetles, Leaf hoppers, Potato beetles, and JAPANESE BEETLES. It kills many of the beetles and repels the ones that fly in, lasting several days, as a repellent. Just try this wonderful mixture and you will be convinced that at last you have found a spray you can depend on to the fullest.

TRIAL SIZE BOTTLE \$1.00
